

# *Noah's Flood*

I am tired of Satan and his minions saying, when are you Christians going to stop believing a lie about a world-wide flood? That flood in the bible was only a local flood made out and sensationalized to be a global flood. Stop telling lies. Don't they know that the Bible is not a book of science? It is a book of FAITH! For "By faith Noah, being warned of God of things NOT SEEN AS YET, moved with fear, PREPARED AN ARK TO THE SAVING OF HIS HOUSE; by the which HE CONDEMNED THE WORLD (not a local village or place), and became heir of the righteousness which is by faith". - Hebrews 11:7.

The Scriptures, the Word of God, is for the believers, those that have faith. Noah was a believer, not a modernist, skeptic, doubter, or hater of God. He was a believer, and it was this belief that fearfully spurred him on to prepare an ark to the saving of eight souls. If Noah wasn't a man of faith, then there would be no earth's population today; so through one man's obedience, an entire world was birthed (Genesis 7:13; 9:18,19). The ways of that old, wicked generation, which passed away by mighty flood waters is forever marked. Read Job 22:15-17 (KJV). They, like people today, asked, "what can the Almighty do for them?" God is concerned about both the righteous and the wicked, only He wants the wicked man to turn from his evil ways. This is called repentance. People perish because of unbelief. God in His manifold wisdom has given us a glimpse into the heart and mind of God, by slowly peeling back the layers of His grace, love, mercy and wisdom. It does no good to fight against God. You can't win that fight. The flood is a reminder of God's wrath towards sin and sinners, and God's grace and mercy towards those that love Him and keep His commandments. Noah's flood is no lie, but is God's revelation of His truth in Scripture. A once disobedient world was destroyed by water will once again be destroyed, but, this time, by fire (2 Peter 3:6,7). You will do well to take heed and save yourself from this untoward generation. For God has not appointed His own to wrath, but to salvation.

Some dead, cold, modernistic, unbelieving bible scholar will say that Noah's flood is a story derived from an older Sumerian mythological account. These so-called bible scholars make the grave mistake of understanding the Scriptures through the lens of Israel's ancient neighbors. Now why would these so-called bible scholars do this? I will tell you why! Because this gives them an excuse not to believe in a miracle-working God who can destroy the earth with a flood. This allows them to remove the workings of a super-natural God and replace them with the mythological accounts of the heathen. This gives the biblical record in their natural eyes more of a human origin that was borrowed, copied and modified from Israel's heathen neighbors. Now, yes, there are some similarities in these stories. But, why, wouldn't there be? They are both ancient accounts of the same story. Although the two accounts, share some similarities, they are totally different. Read them for yourself. The Sumerian account is filled with stuff like a hero, myth, legend, and a whole pantheon of gods. The story of Noah's flood is a real account of what happened. Satan and his corrupt minions, that is, man, have corrupted and morphed the true story of Noah's flood into myth and legend. Satan will always take the pure things of God and corrupt them. Satan will pervert God's truth into a lie. In fact there are flood stories on all of the habitable continents. You will find them in Africa, Europe, Asia, South America, North America, and Australia. This attest to the biblical flood's widespread fame and validity. Such a

catastrophic event could never be erased from the hearts and minds of men, no matter how corrupted they have become. You see after the fall of man, the human race was sold out to Satan and demonic gods. Is it no wonder a backsliding race will try to redefine the truths and reality of God's word. But thank God, there were a few souls in that backwards generation that were not sold out to the devil, but, instead called on the name of a pure and holy God (Genesis 4:26c). We still need this today. We need a few souls to stand up for the word of God in this unclean and corrupt generation.

About sixteen years ago my future wife and I were traveling through the Grand Canyon. And we stopped along the side of the road to behold an astonishing site to see. There were these seashells along the side of the road. We were thousands of feet above sea level. We were far, far away from any ocean. I thought, at first, maybe someone put these seashells there, but our guide assured us that that was not the case. I did some research and found that this was a worldwide phenomena. These seashells are even found in the deserts, not just on the tops of mountains like Mt. Everest. Now man's so-called wisdom, that is, his science, will try to explain away this phenomena. They will tell you that these mountains had to at one time be under water. Well, duh? I agree with that. See Genesis 1:2,9,10; 7:19; Psalm 104:3,6 (Poetic); 2 Peter 3:5,6. But man's science will go further and say that the seabed was raised by the activity of plate tectonics; that it was the buckling and shifting of the earth causing the mountains to rise and form. If Science were truly honest it would admit that such a cataclysmic event as the seabed rising would trigger a massive flood of global proportions anyway. Nevertheless our God from the beginning established the earth so that it cannot be moved or shaken, and the shores of the sea so that they cannot pass beyond what has already been decreed (Psalm 104:9; Proverbs 8:28,29; Jeremiah 5:22). This does not mean that God does not shake the earth from time to time to get our attention, or to draw us back unto Himself (Job 9:6,7; Isaiah 29:6; Amos 1:1; Zechariah 14:5; Matthew 24:7; Revelation 16:18). However, these seashells are not only found on the top of mountains that are thousands of feet above sea level, but, they are also found embedded inside of these mountains.

Man's Science has already told you how the mountains were formed, and most of you will take it as the absolute truth. Now if two different tectonic plates are pushed into each other causing the land to buckle and mountains to form, wouldn't the mountains mostly form along the newly formed crack or point of the upward shifting of the earth? Yet, we see high mountains all over the planet, not just along the fault or the Great Global Rift. Would not such a violent action as two different plates crashing into each other crush, erode, or even destroy the seashells found on top, or inside of these mountains? But, no, we see them perfectly deposited and preserved on the tops and inside of these mountains.

Science tell us that floods erode mountains and deposit their sediment in valleys. Duh? Yeah! See Psalm 104:6-8,10. Wouldn't the Bible give a better explanation for the preservation of these seashells? Now look at the "Manifold wisdom of God" as found in the Scriptures. The Bible tells us that during Noah's flood not only were the heavens pouring down rain, but the seas overflowed their banks, and the subterranean waters gushed out, too. Here's how it reads in Genesis 7:11. "In the six hundredth year of Noah's life, in the second month, the seventeenth day of the month, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened". Here we see the floods of the deep pushing upwards and the floods of

the heavens pushing downwards until the waters prevailed upon the entire earth in a very, very short span of time; only forty days and forty nights. The great upward and downward force of these great waters could have easily deposited these seashells inside and on top of the mountains without being eroded or crushed, but preserved perfectly as a witness to all generations to come. This sign along with God's great Bow in the sky (Genesis 9:11-17) are reminders of His covenant with all flesh, that the waters shall no more become a flood to destroy ALL FLESH. "O LORD, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches" (Psalm 104:24).

Some wise guy will say, what about the fossils? Fossilization does not need millions or billions of years to occur. Many years ago my wife and I were walking along a canal near the Desert Botanical Gardens and we saw a fossilized fish. It looked as if it were a million years old, but it was not. Fossils can form very quickly. It only took forty days and forty nights for these fossils to occur during Noah's flood. That's because of the great force of the waters and its impact on the soil of the earth. Over time sediment builds and hardens into rock. Now I am no scientist, but I do have the wisdom of God. It is so easy for man to trust and believe in his science rather than trust and believe in God. After all it requires faith to even approach God (Hebrews 11:6). Faith is something which by nature most folks are totally devoid of and which Satan eagerly wants to steal from the hearts of man (Luke 8:12). It is not foolish to believe in a God who created the heavens and the earth and all that is therein. However, it is foolish to believe that the heavens and earth and all things therein were created or formed of themselves and by themselves. This does not pass the common sense test nor are they worthy of a rational mind. -D.A.

*To the Sinner:* You must get the mind of Christ. Say, "Heavenly Father forgive me of my trespasses and sins against you and your most holy name. I repent and will no longer serve, sin, satan, money, wealth or material gain again. Give me a new heart that will LOVE and SERVE only you all the days of my life. I accept Jesus as my only Lord and Saviour. I believe that he died for me and rose on the third day. Baptize me with your Holy Spirit, give me the mind of Christ, and show me the way to live a life pleasing to you." Amen!

That is it! If you truly BELIEVED what you said, and have yielded to the conviction of the Spirit of God, then GOD will come in and help you live for him. If you have any questions about the Bible or what you have read, please write me today.

*To the Believer:* Are you saved? Are you living for GOD or simply going to church? There are many deeply religious people who are not living for GOD. Many go to church and even seem to pray, yet, they are not living for GOD. Joining a church is not serving GOD, reading a bible is not serving GOD. You must obey GOD's rules and commandments, and do the will of GOD. Jesus said in John 6:38, "for I came down from heaven, not to do mine own will, but the will of him that sent me." We must all do the same, as Christ left the example for us to follow. So you must do GOD's will to serve him.
